

School Development Plan 2023-24

Our vision is that at Beverley St Nicholas Primary School “the sky is the limit because everything is possible”. We aim to respect and nurture everyone in our community. Our four key values are community, respect, resilience and nurture.

Priority 1:

To continue to improve outcomes and the quality of education across the school in reading, writing and mathematics.

Priority 2:

To further develop comprehensive assessment, tracking and feedback systems which allow staff to carefully monitor and maximise progress and attainment.

Priority 3:

To further develop a culture of inclusion and aspiration in which all staff are active participants reflecting on and supporting the behaviour and attitudes of pupils.

Priority 4:

To further improve the inclusive provision of our school ensuring that children who are at risk are effectively identified and supported.
