## ARBOR Parent App

Parents should have received an email from Arbor asking them to activate their parent account. Over the coming months we will be slowly starting using this app to send emails and messages to parents. This in the near future will replace the text/email system we currently use. We strongly urge ALL parents to get onboard and use this app for communication purposes as this will be the new email system.

Once we have transferred fully to the Arbor communication system texts will no longer be sent. We will communicate via direct email to parents' inboxes and direct messages to the Arbor App.

**The Arbor parent app can be downloaded from the Appstore and Google Play**

## Headteachers Message

I hope that you have all had a good week and thank you for supporting us with raising money for Comic Relief today – it really is greatly appreciated.

I have been very concerned this week by the fact that a number of children have shared that they regularly drink energy drinks such as Monster. Please read my post on Class Dojo about the harmful effects of this.

It is great to see so many children cycling and scooting to school but please be aware that E-scooters are not allowed to be brought to school. The safety of our children is our primary concern and we hope that you will work with us to ensure that all pupils are kept as safe as possible. Advance warning with regards to uniform – we will be amending our uniform policy to bring us in to line with that of our secondary feeder schools who stipulate that no make up should be worn and this includes false nails and eyelashes.

Have a lovely weekend.

## Dates for your diary
